

Perform Series, Pec Deck

SKU: **GG-PERFORM-009**

The Perform Series Pec Deck delivers full chest activation with outward resistance that keeps tension across the entire range of motion. It provides greater muscle engagement than dumbbell flyes, making it one of the most effective isolation machines for developing and defining the pectorals.

Key Features

• 3mm thick frame tubing with D-shape and racetrack tubes for strength and stability

• 3.2mm translucent ABS shrouds for durability and impact resistance

• High-density poly-foam upholstery with double stitching for comfort and support

• Self-lubricating American Loos™ cable with 12-strand nylon coating, tested to 250,000+ uses

• Integrated bottle holder for convenience during training

• Adjustable seat for quick and precise user setup

• Ergonomic TPV grips with aluminium ring stops for control and safety

• Fully shielded dynamic components for added user protection

• Lathed pulleys with low-tolerance bearings for smooth pre-stretch

• Precision-machined pulleys for consistent performance

• Built to EN957 safety standards for assured reliability
