

ML-MOD568

5 configurations

Boxy wood-capped arm/end panels and a plain back give this modular seating a clean, architectural look for hospitality layouts. A solid deck seat paired with high-density foam keeps the sit very firm and supportive, while webbed back construction adds a softer, quieter feel behind the cushion. Built with a solid hardwood frame, hardwood plywood, and corner-blocked joints for lasting stability in busy spaces. Upholstered in your choice of COM. Made in the USA.

PRODUCT HIGHLIGHTS

- Solid hardwood frame for strong, durable performance
- Tight seat and back for tailored, minimal maintenance
- Wood-capped arm/end panels for a clean, finished look
- Metal legs for modern styling and strength
- Corner-blocked joints to reduce frame movement over time
- High-density foam for supportive comfort and shape retention
