

MOD577

3 configurations

Designed for flexible floorplans, this modular seating uses individual units that connect to create larger arrangements. A tight seat and plain tight back keep the look tailored while minimizing day-to-day maintenance, and the wood base plinth adds a warm design detail. Inside, a solid hardwood frame with hardwood plywood, corner-blocked joints, a solid deck seat, and high-density foam deliver firm support and dependable durability. Upholstered in your choice of COM. Meets commercial fire-rating standards.

PRODUCT HIGHLIGHTS

- Modular construction for flexible layouts
- Tight seat and plain tight back for minimal maintenance
- Wood base plinth detail for a warm, stylish look
- Solid deck seat for very firm, durable support
- Corner-blocked joints for lasting frame stability
