Side Chair

Winged side panels wrap into an upholstered back, giving this side chair a comfortable, supportive feel for dining spaces. A solid deck seat with a plywood platform and high-density foam keeps the sit very firm while holding its shape through daily use. Built with a solid hardwood frame and mortise-and-tenon/dowel joinery, then finished with an exposed wood base and side stretchers for added stability. Upholstered in your choice of COM. Fire-rated for commercial use.

PRODUCT HIGHLIGHTS

- Solid hardwood frame for strong, durable performance
- Mortise-and-tenon/dowel joinery for firm, lasting strength
- Winged upholstered back for supportive, enveloping comfort
- Solid deck seat with plywood platform for very firm support
- High-density foam cushioning for shape retention and durability
- Exposed wood base with side stretchers for added stability
