Side Chair

Channel-stitched grid paneling adds tailored texture to this side chair, framed by exposed wood that wraps the upholstered seat and back. A solid hardwood frame in maple or oak pairs with mortise-and-tenon/dowel joinery for lasting strength in busy dining spaces. Under the seat, a solid deck with a plywood platform delivers very firm, durable support, while high-density foam helps maintain comfort and shape over time. Upholstered in your choice of COM. Meets commercial fire-rating standards.

PRODUCT HIGHLIGHTS

- Solid hardwood frame for strong, durable performance
- Mortise-and-tenon/dowel joinery for firm, durable support
- Channel-stitched grid back for tailored visual texture
- Solid deck seat with plywood platform for very firm durability
- High-density foam cushioning for support and shape retention
- Exposed wood frame trim for durable, easy-to-clean surfaces
