

M6 Rehabilitation Treadmill

SKU: **GG-T-005**

Full-length adjustable handrails provide safe, comfortable support for users of all abilities, making the M6 Rehabilitation Treadmill ideal for recovery and low-impact training. With ultra-slow starting speeds and a spacious running area, it’s purpose-built for clinics and facilities supporting rehabilitation programmes.

Key Features

- Full-length adjustable handrails for security and support
- Extending handrails provide stability when entering and exiting
- Emergency stop button for maximum safety
- Large 152cm x 50cm running surface
- High 180kg user weight capacity
- Ultra-slow starting speed of 0.3 km/h with 0.1 km/h increments
- Suitable for a wide range of users, including paediatric use
- Heavy-duty build for clinical and commercial environments
