

Pursuit 2.0 Bike

SKU: CV-025

Dual air and magnetic resistance gives riders total control, combining unlimited air resistance with 8 magnetic levels for precise training. Push hard to simulate a steep 35-degree climb or ease back for smooth endurance rides. Designed for comfort and built to last, the Pursuit Bike delivers performance and resilience for heavy-use environments.

Key Features

- Air-based flywheel delivers unlimited resistance for power training
- Magnetic resistance adds 8 adjustable levels for varied intensity
- Dual system simulates up to a 35-degree incline for strength focus
- Heavy-duty construction ensures long-lasting commercial durability
- Oversized ergonomic seat enhances comfort during long sessions
- Toe cup pedals keep feet secure under high load
- FreeWheel design provides a smooth, natural cycling motion
- Integrated transport wheels allow effortless repositioning
- Dual-colour display shows air (white) and magnetic (red) resistance levels
- 5kHz chest belt compatible for accurate heart rate monitoring

Technical Specifications

Weight	58 kg
Length / Depth	125 cm
Height	110 cm
Width	42 cm
Max User Weight	159 kg

Screen Type	LCD
Bluetooth	Yes
Power Required	Self Generating
