Gym Ball

SKU: **See variants**

Anti-burst safety design keeps every workout stable and secure. These Gym Gear Gym Balls are built for core strength, balance, and mobility training, with three size options to match user height. Bright, durable, and reliable, they suit both home and commercial gym use.

Key Features

- Anti-burst construction for safe training under load
- Available in three user-matched sizes:
- Red – 55cm (22”): for users 155cm–167.5cm (5’2″–5’6″)
- Black – 65cm (26”): for users 167.5cm–175cm (5’6″–5’9″)
- Silver – 75cm (30”): for users 175cm–192cm (5’9″–6’4″)
- Targets core stability, posture, and flexibility
- Durable finish suitable for high-traffic gym environments
- Compact and versatile for home or studio use
- **Note:** Diameter listed is when ball is deflated
