

Jacobs Ladder X

SKU: CV-030

Self-powered climbing system that matches your pace for a powerful, low-impact workout that builds endurance and strength fast. The Jacobs Ladder X drives intensity through a natural climbing motion that automatically adapts to your speed, giving you full control of effort and output.

Key Features

- Self-powered design adjusts automatically to your climbing speed
- Redesigned dashboard displays time, calories, total feet, and intensity
- Four climbing positions to target different muscles and training styles
- Solid 2" maple rungs with UV-cured acrylic coating for lasting durability
- Heavy-duty welded steel frame with ABS casing for strength and stability
- Digital readout tracks key performance metrics in real time
- Compact footprint with 2.6m ceiling clearance required
- Commercial-grade build with 4-year parts warranty

Technical Specifications
