

30mm Premium Turf Tile (1m x 0.5m)

SKU: **GG-TURF30-G**

Versatile turf and shock-absorbing flooring in one, these Turf Tiles create a multi-use training surface that works as both a sled track and a durable free weight zone. Designed to integrate seamlessly with Premium Rubber Tiles, they let you build customised turf areas without compromising stability or performance.

Key Features

• Perfect for sled tracks, kettlebell training, and free weight zones

• Compatible size with Premium Rubber Tiles for seamless layouts

• Dimensions: 1m x 0.5m x 30mm (2 tiles = 1m²)

• Weight: 8.7kg per tile (17.4kg per m²)

• Black surface with synthetic grass top layer and 10mm pile height

• Made from 100% recycled tyre rubber with 2–3mm granule base

• Surface hardness: 60±5 ShA for reliable durability

• Noise reduction: 20dB (ISO 10140-3 certified)

• Simple installation with hidden plastic connectors – no adhesives required

• Resistant to acids, alkalis, and salts (avoid oils/hydrocarbons)

• Install with basic tools: Stanley knife and rubber hammer

• Low-maintenance surface – clean with stiff brush or wet vacuum and pH-neutral detergent
