

# Rubber Barbells (Sold Individually)

SKU: **See variants**

Durable one-piece design ensures these commercial Rubber Barbells deliver reliable performance in high-use gyms. With no plates to swap, they keep workouts fast, efficient, and safe while offering a clean, professional look for any strength area.

## Key Features

- One-piece solid steel construction for long-lasting use
- Virgin rubber coating reduces noise and protects flooring
- Dual knurled grips for secure, comfortable handling
- Fully encapsulated design eliminates end cap damage
- Clear weight markings for quick selection
- Available in fixed increments from 10kg to 45kg

Available to purchase individually.
