

Wall Balls

SKU: **See variants**

DEKA-approved for official training and events, these wall balls deliver the durability and balance athletes demand. Built to handle relentless use, they give DEKA gyms and serious trainers the confidence to push harder with every rep.

Key Features

- DEKA-approved design for competition-standard training
- Robust PVC casing with textured grip for secure handling
- Double-stitched seams built to withstand heavy use
- Weighted rubber chip fill keeps the ball balanced
- Consistent 35cm diameter across all weights (4kg–15kg)
- Ideal for wall throws, squats, and core-focused exercises
- Suitable for both commercial gyms and home setups
