

Curve 2.0 PLUS Treadmill

SKU: **CV-CURVE-002**

Motorless and built for performance, the Gym Gear Curve Plus 2.0 Treadmill is powered entirely by your stride, with no speed limits or electricity required. Resistance levels from 1 to 8 let you switch from steady runs to explosive HIIT with ease.

Key Features

- Self-powered curved design for unrestricted running intensity
- Adjustable resistance (Level 1–8) to match any training style
- LCD console tracks time, distance, pace, speed, watts, calories, and heart rate
- Multiple interval and target-based programs for structured workouts
- App connectivity for extended tracking and analysis
- Low-maintenance bearings replaced in under five minutes
- Built-in phone holder, bottle holder, and transport wheels for convenience
