

Watt Bike Pro / Trainer

SKU: N/A

Dual air and magnetic resistance for unmatched accuracy. The Wattbike delivers precision training for every rider, from low-intensity recovery to explosive sprints. Designed for durability and data accuracy, it offers a smooth, consistent ride that mirrors real-world cycling performance.

Key Features

- Dual air and magnetic braking systems for precise resistance control
- Wide power range from 0–3760W to suit all training intensities
- Heavy-duty 2.5mm zinc-primed steel frame for rock-solid stability
- Racing seat and combination pedals for professional-grade comfort and control
- Adjustable seat and handlebars with fine 1cm and 5mm increments for a perfect fit
- Kevlar-reinforced automotive belt and industrial-grade chain for long-term reliability
- Heavy-duty ABS covers and stainless steel stems built for commercial performance
- Inline skate rollers with ball-bearing wheels for easy movement and positioning
