

Dual Series, Inner / Outer Thigh

SKU: **GG-DUAL-008**

Dual-function design for inner and outer thigh training gives users a complete lower body workout in one compact machine. Built for comfort and precision, it delivers smooth, controlled movement to strengthen and shape the thighs while saving valuable floor space.

Key Features

- Two-in-one design for inner and outer thigh development
- Compact footprint ideal for space-conscious gyms
- Heavy-duty construction built for commercial use
- 5mm American LOOS aircraft-grade cable with 2,000lb breaking strength
- End fittings tested to 250,000 full-stack cycles
- Glass fibre reinforced nylon pulleys with deep V-groove for consistent motion
- Adjustable start position accommodates varying flexibility levels
- Rotating knee pads for quick exercise transitions
- Ergonomic handles provide support and stability
- Colour-coded weight stack for fast resistance selection
