

Dual Series, Pec Fly / Rear Delt

SKU: **GG-DUAL-003**

Two-in-one pec fly and rear delt fly in one compact machine gives your members powerful chest and shoulder training without taking up extra space. Adjustable pivoting arms and dual handles ensure correct alignment, while the narrow back pad provides stability and comfort for every rep.

Key Features

- Dual function design for pec fly and rear delt fly training
- Compact footprint to maximise floor space
- Heavy-duty build for consistent commercial use
- 5mm American LOOS aircraft-grade cable with 2,000lb breaking strength
- End fittings tested to withstand 250,000 full-stack cycles
- Glass fibre reinforced nylon pulleys with deep V-groove for smooth motion
- Adjustable pivoting arms to suit different users
- Narrow back pad supports proper positioning in both movements
- Colour-coded weight stack for quick resistance selection

Technical Specifications

Weight	222.8 kg
Length / Depth	136 cm
Height	206 cm
Width	122 cm
Frame Weight	107 kg

Weight Stack	113 kg
Pin Select	Yes
