

Platinum Series, Lat Pulldown

SKU: **GG-PLAT-105**

Premium lat pulldown performance - build strength across the lats, biceps, rhomboids, and traps with smooth, controlled motion. The ergonomic design and patented seat adjustment deliver a perfect fit for every user, while the sleek frame adds a high-end look to any training space.

Key Features

- Targets lats, biceps, rhomboids, and traps for complete upper body development
- Compact 1492mm footprint with a modern, space-efficient frame
- 3mm electrostatic powder-coated steel tubing ensures long-term durability
- Anti-corrosion polished guide rods support consistent, smooth movement
- 3.2mm injection-moulded translucent shroud resists wear and deformation
- Polyurethane handles and contoured foam seat provide comfort and control
- Durable belt and cable drive system designed for extended use
- 5lb incremental weight stack allows precise progressive overload
- Fully enclosed moving parts enhance safety for all users
- Complies with EN957 international safety standards

Technical Specifications

Weight	303.3 kg
Length / Depth	131 cm
Height	211 cm
Width	122 cm
Frame Weight	169 kg

Weight Stack	106 kg
Pin Select	Yes
