

Platinum Series, Total Hip

SKU: **GG-PLAT-113**

Full-range hip training in one machine The Platinum Series Total Hip delivers precise isolation of glutes, abductors, and adductors with smooth, controlled movement. Adjustable height and outward-facing handles provide secure positioning for every user, making it equally effective for performance training or rehabilitation.

Key Features

- Multi-directional design isolates glutes, abductors, and adductors
- Adjustable height suits all users and movement patterns
- Compact 1492mm footprint saves valuable floor space
- 3mm electrostatic powder-coated steel tubing for long-term durability
- Anti-corrosion polished guide rods deliver smooth, consistent motion
- 3.2mm injection-moulded translucent shroud resists wear and impact
- Ergonomic polyurethane handles and moulded PU foam enhance comfort
- Cable and belt drive system ensures reliable, low-maintenance use
- 5lb incremental weight stack supports progressive overload
- Patented 3-linkage seat adjustment adapts to all users
- Shielded components comply with EN957 international safety standards
