

Platinum Series, Leg Press

SKU: **GG-PLAT-118**

Powerful lower body training that drives strength through the quads, hamstrings, and glutes with every rep. The Platinum Series Leg Press combines a compact frame with a patented seat adjustment system for comfort, safety, and correct alignment.

Key Features

- Targets quads, hamstrings, and glutes for complete leg development
- Low-profile 1492mm frame saves space in busy gyms
- 3mm electrostatic powder-coated steel tubing built for long-term durability
- Polished, anti-corrosion guide rods ensure smooth, quiet motion
- 3.2mm injection-moulded translucent shroud resists impact and wear
- Ergonomic handles and high-density PU foam pads maximise comfort
- Reliable cable and belt drive system for consistent performance
- Patented 3-linkage seat adapts to all users for safe positioning
- 5lb incremental weight stack allows controlled strength progression
- Shielded moving parts meet EN957 international safety standards
