

Platinum Series, Shoulder Press

SKU: **GG-PLAT-102**

Built to isolate all three deltoid heads, the Platinum Series Shoulder Press delivers balanced shoulder development with smooth, consistent resistance. Its ergonomic design and patented seat adjustment ensure optimal positioning and comfort, providing a safe and effective alternative to free weight presses in any commercial gym.

Key Features

- Isolates anterior, medial, and posterior deltoids for complete strength
- Compact 1492mm low-profile design saves valuable floor space
- 3mm electrostatic powder-coated steel frame built for heavy use
- Anti-corrosion polished guide rods for smooth and reliable operation
- 3.2mm injection-moulded translucent shroud protects against impact and wear
- Ergonomic polyurethane handles and PU foam upholstery enhance comfort
- Durable cable and belt drive system ensures long-term performance
- 5lb incremental weight stack supports gradual progression
- Patented 3-linkage seat adjustment fits all user sizes with precision
- Shielded moving parts for safety, compliant with EN957 standards

Technical Specifications

Weight	261 kg	Weight Stack	91 kg
Length / Depth	155 cm	Pin Select	Yes
Height	156 cm		
Width	149 cm		
Frame Weight	169 kg
