

Platinum Series, Assisted Chin / Dip

SKU: **GG-PLAT-107**

Dual-function upper body training with assisted support makes the Platinum Series Assisted Chin/Dip ideal for users of all abilities. The knee-assist platform provides confidence for beginners, while advanced users can push harder with controlled progression. Compact and built for heavy use, it brings reliable performance to any professional gym.

Key Features

- Targets lats, biceps, triceps, and shoulders for full upper body development
- Low-profile 1492mm design saves space without sacrificing function
- 3mm electrostatic powder-coated steel frame ensures lasting durability
- Polished anti-corrosion guide rods deliver smooth, consistent movement
- 3.2mm injection-moulded shroud resists impact and wear
- Ergonomic polyurethane handles and moulded foam pads enhance comfort
- Reliable cable and belt drive systems extend machine lifespan
- Patented 3-linkage seat adjustment adapts to all user sizes
- 5lb incremental weight stack supports safe progression
- Fully enclosed moving parts for maximum safety, EN957 certified
