

Platinum Series, Dual Adjustable Pulley

SKU: **GG-PLAT-121**

The Platinum Series Dual Adjustable Pulley offers unrestricted movement, making it ideal for a wide range of resistance exercises that enhance strength, stability, and coordination. Its compact footprint and versatile design make it a high-performance solution for any professional training environment.

Key Features

- Low-profile, space-efficient frame (1492mm height)
- 2:1 pulley ratio for controlled resistance
- Supplied with 2 x multi-length stirrup handles, 1 x ankle strap, and 1 x long bar
- 3mm thick electrostatic powder-coated steel tubing for strength and durability
- Anti-corrosion coated, polished guide rods ensure smooth operation
- 3.2mm injection-moulded translucent shroud provides lasting protection
- Ergonomic polyurethane handles and contoured moulded foam upholstery for comfort and support
- Durable cable and belt drive system ensures longevity
- Fold-out step for easy access to chin-up bar
- 5lb weight stack increments cater to a wide range of users
- All dynamic parts are shielded for added safety
- Complies with EN957 safety standards
