

Perform Series, Leg Press / Calf Raise

SKU: **GG-PERFORM-022**

Dual-function leg press and calf raise delivers powerful lower-body training with controlled, joint-friendly motion. Built for safety and comfort, it targets quads, hamstrings, glutes and calves while reducing strain on the spine and knees.

Key Features

- Squat-like motion that strengthens quads, hamstrings, glutes and calves
- Multi-position back pad and handles for proper alignment and comfort
- 3mm thick tubing ensures lasting structural strength
- Stable weight stack cage with D-shaped and racetrack tubing design
- 3.2mm translucent ABS shrouds for protection and durability
- High-density poly-foam upholstery with reinforced double stitching
- American Loos™ nylon-coated cable tested for over 250,000 cycles
- Adjustable seat and start position to fit a wide range of users
- Ergonomic TPV handlebars with aluminium ring limit for secure grip
- Fully shielded dynamic components improve user safety
- Lathed pulley with precision bearing for smooth, consistent movement
- Integrated bottle holder keeps hydration within easy reach
- Tested and certified to EN957 safety standards
