

Sterling Series, Multi Hyper Extension

SKU: **GG-STER-135**

Stable, supportive, and highly adjustable, the Gym Gear Sterling Series Multi Ab Bench offers a reliable platform for a variety of core-focused exercises. With a multi-position decline bench and padded calf and ankle rollers, users benefit from enhanced comfort and stability throughout each session. Built with heavy-duty materials and high-quality bearings, this bench is designed for consistent use in commercial environments. Its robust construction, low-maintenance design, and Olympic weight horns for convenient storage make it a smart addition to any strength training area.

Key Features

- Multiple decline positions for varied abdominal training
- Padded calf and ankle rollers for user comfort and support
- Robust, heavy-duty frame with high-quality needle bearings
- Electrostatic powder-coated and heat cured for long-term durability
- Follows natural biomechanical movement for safe performance
- Olympic weight horns fitted as standard for efficient storage
- Low maintenance due to plate-loaded design
