

1.5m Modular Storage Rack

SKU: **GG-STOR-02**

Customisable and space-efficient, these modular storage racks give you complete control over how your gym is organised. Built in 1.5m and 2m sections, they let you choose from four shelf options to create a setup that fits your training space perfectly. Ball, kettlebell, dumbbell, and rope shelves can be mixed and matched to handle every type of equipment, from medicine balls and bumper plates to heavy kettlebells, dumbbells, and resistance bands. The modular design can extend to any length and even wrap around corners, ensuring your storage grows with your gym.

Key Features

- Available in 1.5m and 2m height options to suit your space
- Four shelf types: ball, kettlebell, dumbbell, and rope
- Modular design extends to any length or around corners
- Ball shelf supports medicine balls, wall balls, gym balls, and plates
- Kettlebell shelf accommodates all sizes and styles
