

Pro Series, Glute

SKU: **GG-PRO-124**

Built for precision and stability, the Pro Series Glute targets the gluteus maximus through a smooth, controlled rear-leg push. Designed for comfort and safety, it includes ergonomic handlebars, elbow support, and a conveniently positioned bottle holder. Users benefit from a stable platform during each movement, with dual handles and adjusted foam pads that help minimise risk of strain or injury. Ideal for isolating and strengthening the glutes with confidence and control.

Key Features

- Effective rear-leg push to activate the gluteus maximus
- Ergonomic TPV handlebars with aluminium rings
- Supportive elbow pad and auxiliary handlebar
- Adjusted foam pads to reduce injury risk
- Stable design for controlled movement
- Integrated bottle holder
