

Endurance Cross Trainer

SKU: **GG-ENDUR-CT**

Engineered for smooth, full-body movement, the Endurance crosstrainer features a front-drive system that supports a longer, more natural stride. This motion mimics walking or running to reduce joint strain while delivering an effective, high-intensity workout. For added safety, the crosstrainer includes an exclusive anti-derailment system, keeping users stable even at faster speeds. Whether you're training for endurance or focused on total-body conditioning, this machine delivers performance with confidence. With Bluetooth connectivity and GymLoop integration, users can track progress, personalise their workouts, and access interacti...
