

Endurance Touch Recumbent Bike

SKU: **GG-ENDUR-RBE-16**

Innovation meets comfort in the Endurance Touch recumbent bike. Designed for performance and engagement, this self-powered bike combines sleek style with real-time SmartFocus and GymLoop connectivity. Members get personalised training, entertainment, and progress tracking, while operators gain live usage insights and maintenance alerts. The breathable backrest, step-through frame, and adjustable pedal straps ensure comfort and accessibility for every user. A large touchscreen keeps workouts interactive, intuitive, and engaging.
