

FSS (Functional Storage Solutions) Series

SKU: N/A

Functional storage meets elite training performance in the FSS Series – a modular system that maximises space while keeping your gym floor clear and organised. Built for strength, versatility, and scalability, it combines robust storage with functional training capability to create an efficient, professional setup.

Key Features

- 3mm heavy-duty steel frame for commercial-grade strength and durability
- Wall and floor-mounted design for maximum stability and safety
- Modular system expands with extension units to suit any gym size
- Includes chin-up bar, punch bag brackets, and landmine for versatile training
- Dedicated storage for plates, dumbbells, kettlebells, barbells, and balls
- Double wall ball targets and battle rope anchors for functional variety
- Resistance band pegs and hangers to keep accessories organised
- Available in single, double, or triple station configurations for flexible setups
