

Run Max 2.0

SKU: **GG-RUN-001**

Self-powered curved running deck delivers explosive, natural movement without the need for electricity. Users control speed instantly through their stride, making it ideal for both beginners and advanced athletes pushing high-intensity sessions. Built for performance-driven facilities that demand durability and versatility.

Key Features

- Self-powered curved treadmill - runs entirely on user movement for lower energy costs
- Unlimited speed control - users accelerate or decelerate instantly with no fixed limits
- Adjustable resistance levels 1 to 8 - add load for sled-style pushes and strength-focused conditioning
- Performance console - displays time, distance, speed, pace, watts, calories and resistance level
- Integrated heart rate and interval programmes - supports structured HIIT and endurance training
- Designed for high-intensity training - ideal for performance gyms, sports clubs and PT studios
- Robust commercial construction - built to handle repeated sprint and conditioning sessions
