

## Anti-Iduna/RNF146 Antibody

### Product Details

|                    |                                                                                                                                                         |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Available Variants | 100 µL (SKU:75-233)                                                                                                                                     |
| Conjugate          | Unconjugated                                                                                                                                            |
| Isotype            | IgG1                                                                                                                                                    |
| Clone              | N201/35                                                                                                                                                 |
| Gene Name          | Rnf146                                                                                                                                                  |
| Host Species       | Mouse                                                                                                                                                   |
| Concentration      | 1 mg/mL                                                                                                                                                 |
| Format             | Purified by Protein A chromatography                                                                                                                    |
| Physical State     | Liquid                                                                                                                                                  |
| Buffer             | 10 mM Tris, 50 mM Sodium Chloride, 0.065% Sodium Azide pH 7.125                                                                                         |
| Production Notes   | Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity chromatography. Purified mAbs are >90% specific antibody.      |
| Applications       | ELISA, ICC, WB                                                                                                                                          |
| Species Reactivity | Human, Mouse, Rat                                                                                                                                       |
| Immunogen          | Fusion protein amino acids 1-359 (full-length) of mouse Iduna (accession number Q9CZW6) produced recombinantly in E. Coli                               |
| Specificity        | No cross-reactivity reported                                                                                                                            |
| Molecular Weight   | 40 kDa                                                                                                                                                  |
| Quality Control    | Each new lot of antibody is quality control tested by western blot on rat whole brain lysate and confirmed to stain the expected molecular weight band. |

|                      |                                                                                                                                                                                                                 |
|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage              | Aliquot and store at $\leq -20^{\circ}\text{C}$ for long term storage. For short term storage, store at $2-8^{\circ}\text{C}$ . For maximum recovery of product, centrifuge the vial prior to removing the cap. |
| Antibody Registry ID | AB_10672248                                                                                                                                                                                                     |
| UniProt ID           | <u>Q9CZW6</u>                                                                                                                                                                                                   |
| Country of Origin    | United States                                                                                                                                                                                                   |
| Shipping             | Shipped on ice packs                                                                                                                                                                                            |
| Expiration           | 24 months from date of receipt                                                                                                                                                                                  |
| Usage Statement      | These antibodies are to be used as research laboratory reagents and are not for use as diagnostic or therapeutic reagents in humans.                                                                            |
