2Series Bulk Storage Containers

View product on palletsandbins.com

PRODUCT OVERVIEW

The 2 Series is a one-piece plastic bulk container with a channeled bottom and 2-way forklift entry, built for reusable material handling. An angled leg design lets forklift tines deflect off the leg, helping prevent damage to the container, and a reinforced rim supports the top edge where most of the stress is placed in use. Smooth channeled interiors and rounded corners make unloading and cleanup easy. Choose from four sizes ranging from 24 to 42 cubic feet. Molded with FDA/USDA-compliant resin, per the manufacturer.

**** Items are made to order. Lead time is 4 -6 weeks ****

Key Features

- **Four Sizes** – 24 to 42 cubic feet (178 to 313 gallons)
- **2-Way Forklift Entry** – Channeled bottom with angled leg design
- **One-Piece Construction** – Reinforced rim and reinforced rounded corners
- **Nesting Design** – Ergonomic nesting and de-nesting
- **Smooth Channeled Interior** – Rounded corners for easy unloading and cleanup
- **Rust Resistant, Easy to Clean, 100% Recyclable**

Choose Your Size
