Laundry Cart w/Metal Base and Casters

View product on palletsandbins.com

PRODUCT OVERVIEW

Rolling plastic laundry truck for moving soiled linens, wet towels, uniforms, and other laundry in commercial operations. Rotationally molded in one piece from polyethylene with a nominal .250 wall, it resists dents, scratches, stains, and rust, and it sits on a powder-coated metal base that adds strength under heavy loads. It holds 48 cubic feet (38 bushels), and smooth interiors with rounded corners help eliminate collection points. Choose between two models by capacity.

**** Items are made to order, lead times can be 4 - 6 weeks ****

Key Features

- **48 Cubic Feet (38 Bushels)** – 48" x 28.5" footprint, 67" tall
- **1,000 or 1,200 lb Capacity** – Depending on model
