56" Laundry Cart w/Metal base and Casters

SKU: PVFLCMBC05

PRODUCT OVERVIEW

This compact rolling plastic laundry truck is built for moving clean and dirty linens through hallways and tight spaces. At only 56" tall, it's shorter than larger bulk laundry carts, which makes it easier to maneuver and to see over, and it works well in facilities without room for bulky bins. Rotationally molded in one piece from polyethylene, it sits on a powder-coated metal base with reinforced rounded corners. It holds 36 cubic feet (29 bushels) and is a good fit for healthcare, fitness, commercial laundry, and hospitality operations.

**** Items are made to order, lead times can be 4 - 6 weeks ****

Key Features

- **36 Cubic Feet (29 Bushels)** – 48" x 28.5" footprint, 56" tall
- **600 lb Capacity**
- **One-Piece Molded Polyethylene** – Rotationally molded, rust resistant
