Laundry Cart w/Plastic Shelves, Metal Base and Casters

View product on palletsandbins.com

PRODUCT OVERVIEW

This rolling plastic laundry truck is built for round-trip linen handling. The convertible shelving system lets employees switch the truck between collecting dirty linens and sorting and delivering fresh ones in seconds, so one cart does both jobs. Choose removable or non-removable shelves to match how your operation works. Rotationally molded in one piece from polyethylene, with reinforced rounded corners and a powder-coated metal base, it's made to handle heavy loads. It holds 48 cubic feet (38 bushels) and is a good fit for commercial laundries, hotels, hospitals, schools, gyms, and linen delivery services.

**** Items are made to order, lead times can be 4 - 6 weeks ****

Key Features

- **48 Cubic Feet (38 Bushels)** – 48" x 28.5" footprint, 68" tall
- **800 lb Capacity**
