

## Anti-PARIS/ZNF746 Antibody FL490 Conjugate

### Product Details

|                    |                                                                                                                                                                                               |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Available Variants | 200 µL (SKU:75-195-FL490)                                                                                                                                                                     |
| Conjugate          | FL490 Ex: 491 nm, Em: 515 nm                                                                                                                                                                  |
| Isotype            | IgG1                                                                                                                                                                                          |
| Clone              | N196/16                                                                                                                                                                                       |
| Gene Name          | ZNF746 PARIS                                                                                                                                                                                  |
| Host Species       | Mouse                                                                                                                                                                                         |
| Concentration      | Lot dependent: provided at 0.3-0.5 mg/mL                                                                                                                                                      |
| Format             | Purified by Protein A chromatography                                                                                                                                                          |
| Physical State     | Liquid                                                                                                                                                                                        |
| Buffer             | PBS with 0.09% azide                                                                                                                                                                          |
| Production Notes   | Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity chromatography and conjugation of purified mAb. Purified mAbs are >90% specific antibody.            |
| Applications       | ICC, IHC                                                                                                                                                                                      |
| Species Reactivity | Drosophila, Human, Mouse, Non-Human Primate, Rat                                                                                                                                              |
| Immunogen          | Fusion protein amino acids 1-322 (N-terminus) of human ZNF746 (accession number Q6NUN9) produced recombinantly in E. Coli                                                                     |
| Specificity        | Does not cross-react with ZNF783 or ZNF398                                                                                                                                                    |
| Molecular Weight   | 60-70 kDa                                                                                                                                                                                     |
| Quality Control    | Each new lot of antibody is quality control tested by western blot on rat whole brain lysate and confirmed to stain the expected molecular weight band.                                       |
| Storage            | Aliquot and store at $\leq -20^{\circ}\text{C}$ for long term storage. For short term storage, store at $2-8^{\circ}\text{C}$ . For maximum recovery of product, centrifuge the vial prior to |

removing the cap.

**Antibody Registry ID** AB\_2939720

**UniProt ID** Q6NUN9

**Country of Origin** United States

**Shipping** Shipped on ice packs

**Expiration** 12 months from date of receipt

**Usage Statement** These antibodies are to be used as research laboratory reagents and are not for use as diagnostic or therapeutic reagents in humans.
