

30x32x25 Medium-Duty Collapsible Bulk Container (2 Doors)

SKU: PVMB3230250000

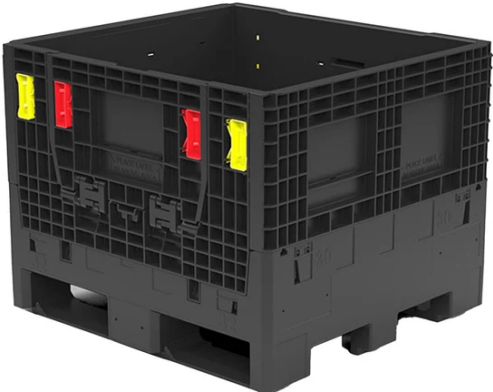

PRODUCT OVERVIEW

The **30" x 32" x 25" Collapsible Bulk Container (BOS Bin)** is a unique combination of high-pressure, injection molding technology and a proven hot-plate welding process that delivers the best strength-to-weight ratio in the industry. Designed for efficient handling and space optimization, this medium-duty bulk bin is ideal for managing small-to-medium loads while ensuring maximum product protection and storage efficiency for industries like automotive, retail, food processing, and general manufacturing.

Key Features:

- Compact, Space-Saving Design:** With a footprint of 30" x 32" and a height of 25", this bulk container is perfect for tight spaces. Its collapsible design folds down flat when not in use, reducing storage and shipping costs.
- Durable Construction:** Built from high-density polyethylene (HDPE), this container provides exceptional strength and durability, supporting loads of up to 1,800 lbs. while withstanding industrial use.
- Effortless Handling:** Designed with 4-way forklift and pallet jack compatibility, it simplifies material handling and improves efficiency in warehouse and manufacturing environments.
- Accessible and Versatile:** Dual drop doors allow for quick and easy access to contents, reducing handling time and improving productivity.
- Eco-Friendly and Reusable:** Made from recyclable materials, this bulk container supports sustainability by reducing waste compared to one-time-use packaging. Its reusability makes it a cost-effective choice for businesses focused on long-term value.
- Stackability:** Engineered for stability, it can be stacked securely, maximizing warehouse and transportation space while ensuring product safety.

The 30" x 32" x 25" Collapsible Bulk Container is a smart, sustainable choice for businesses looking to optimize storage, transportation, and material handling. Whether you're managing small parts, retail goods, or food products, this container delivers reliable performance, cost savings, and environmental benefits.

TECHNICAL DATA

Outside Dimensions (L x W x H)	32.0"x 30.0"x 25.0"	Inside Dimensions (L x W x H)	29.5"x 27.5"x 19.3"
Collapsed Height	12.6 in.	Fill Line	18.5 in.
Internal Volume	8.7 cu. ft.	Weight	50.0 lb.
Container Capacity	1800.0 lb.	Max Loaded Stack (Static / Dynamic)	6 high / 3 high
Fork Lift Entry	4-way	53 ft. Trailer Qty (Assembled)	240
53 ft. Trailer Qty (Collapsed)	540
