

48x48x28 WA Standard Vented Bulk Bin Container (MacroBin 29-FV)

SKU: PVIH48482803VWA

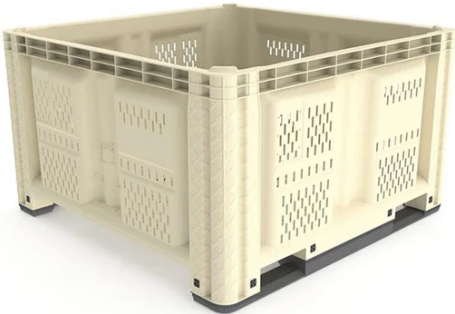

PRODUCT OVERVIEW

The 48" x 48" x 28" Washington Standard Vented Bulk Bin Container, also known as the MacroBin 29-FV, is a durable, high-performance agricultural bulk container designed for harvesting, storing, and transporting fresh produce. Made from FDA-approved, food-grade, impact-resistant plastic, this vented agricultural bin provides superior air circulation, food safety, and durability compared to traditional wood bins. Its nonporous, easy-to-clean surface prevents bacteria buildup and ensures consistent tare weight, making it ideal for orchards, vineyards, food processing facilities, and cold storage operations.

Key Features:

- Vented Design for Maximum Airflow:** Reduces heat absorption, improves cooling efficiency, and accelerates drying and degreening.
- FDA-Approved, Food-Grade Plastic:** Hygienic, non-toxic, and compliant for direct food contact.
- Nonporous, Easy-to-Clean Surfaces:** Prevents moisture retention, bacteria growth, and contamination.
- Splinter-Resistant & Impact-Resistant:** Safer for workers and minimizes bruising and damage to delicate produce.
- Rounded Corners & Smooth Surfaces:** Reduces abrasions and protects fruits and vegetables during handling.
- Lightweight & Stackable:** Designed for space-efficient storage, transportation, and warehouse handling.
- Versatile Agricultural Applications:** Ideal for harvesting, post-harvest storage, food processing, and distribution of apples, citrus, grapes, and other fresh produce.

Built for farmers, packhouses, and food distribution centers, the MacroBin 29-FV bulk container improves produce quality, supply chain efficiency, and operational hygiene. Its rugged yet lightweight construction makes it a cost-effective solution for modern agriculture, helping businesses reduce waste, lower costs, and optimize logistics.
