

## Anti-CrkL (C-terminus) Antibody

### Product Details

|                    |                                                                                                                                                                                                               |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Available Variants | 100 µL (SKU:CP3081)                                                                                                                                                                                           |
| Conjugate          | Unconjugated                                                                                                                                                                                                  |
| Isotype            | IgG                                                                                                                                                                                                           |
| Gene Name          | CRKL                                                                                                                                                                                                          |
| Host Species       | Rabbit                                                                                                                                                                                                        |
| Format             | Antigen Affinity Purified                                                                                                                                                                                     |
| Physical State     | Liquid                                                                                                                                                                                                        |
| Buffer             | PBS + 1 mg/ml BSA, 0.05% NaN <sub>3</sub> and 50% glycerol                                                                                                                                                    |
| Applications       | WB                                                                                                                                                                                                            |
| Dilution Ranges    | WB: 1:1000                                                                                                                                                                                                    |
| Species Reactivity | Chicken, Frog, Human, Mouse, Rat                                                                                                                                                                              |
| Immunogen          | CrkL synthetic peptide (coupled to KLH) containing amino acid in the C-terminus of human CrkL. This peptide sequence is well conserved in mouse and rat CrkL, and has less than 50% homology to human Crk II. |
| Specificity        | The antibody detects a 38 kDa* protein corresponding to the molecular mass of CrkL on SDS-PAGE immunoblots of human K562 cells, mouse brain tissue, and NGF-differentiated rat PC12 cells.                    |
| Molecular Weight   | 38                                                                                                                                                                                                            |
| Quality Control    | Western blots performed on each lot.                                                                                                                                                                          |
| Storage            | Storage at -20°C is recommended, as aliquots may be taken without freeze/thawing due to presence of 50% glycerol. Stable for at least 1 year at -20°C.                                                        |
| UniProt ID         | <u>P46109</u>                                                                                                                                                                                                 |

|                   |                                                                                                                                                                        |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Country of Origin | United States                                                                                                                                                          |
| Shipping          | Blue Ice                                                                                                                                                               |
| Expiration        | After date of receipt, stable for at least 1 year at -20°C.                                                                                                            |
| Usage Statement   | For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, which can be viewed on our website. |
