

## Anti-BRCAA1 Antibody

### Product Details

|                    |                                                                                                                                                                                                                                                                                                  |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Available Variants | 100 µL (SKU:24419)                                                                                                                                                                                                                                                                               |
| Isotype            | IgG                                                                                                                                                                                                                                                                                              |
| Gene Name          | ARID4B                                                                                                                                                                                                                                                                                           |
| Host Species       | Rabbit                                                                                                                                                                                                                                                                                           |
| Format             | Antigen Affinity Purified                                                                                                                                                                                                                                                                        |
| Physical State     | Liquid                                                                                                                                                                                                                                                                                           |
| Buffer             | PBS + 0.02% NaN <sub>3</sub>                                                                                                                                                                                                                                                                     |
| Applications       | ELISA, WB                                                                                                                                                                                                                                                                                        |
| Dilution Ranges    | WB: 1:500-1:1000<br>WB Brain: 1:500-1:1000                                                                                                                                                                                                                                                       |
| Species Reactivity | Human, Mouse, Rat                                                                                                                                                                                                                                                                                |
| Immunogen          | Synthetic peptide corresponding to amino acids from an internal sequence of the humanBRCAA1 protein                                                                                                                                                                                              |
| Specificity        | Reacts with an internal region of the 136 kDa human, mouse and rat BRCAA1 protein.                                                                                                                                                                                                               |
| Quality Control    | Western blots performed on each lot.                                                                                                                                                                                                                                                             |
| Storage            | Recommended that the undiluted antibody be aliquoted into smaller working volumes (10-30 µL/vial depending on usage) upon arrival and stored long term at -20° C or -80° C, while keeping a working aliquot stored at 4° C for short term. Avoid freeze/thaw cycles. Stable for at least 1 year. |
| UniProt ID         | <a href="#">Q4LE39</a>                                                                                                                                                                                                                                                                           |
| Country of Origin  | United States                                                                                                                                                                                                                                                                                    |
| Shipping           | Blue Ice                                                                                                                                                                                                                                                                                         |

|                        |                                                                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Expiration</b>      | After date of receipt, stable for at least 1 year at -20°C.                                                                                                            |
| <b>Usage Statement</b> | For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, which can be viewed on our website. |

**Product Images**

A Western blot image showing a single band labeled BRCAA1. The molecular weight markers on the left are 116 kDa and 93 kDa. The band is located between these markers, closer to the 116 kDa mark.

Western Blot of MCF-7 whole cell lysate (15 ug) showing specific immunolabeling of BRCAA1
