

Uni-Pak 40x48x30 Sleeve Pack Container (no drop door)

SKU: PVHB4048300000

PRODUCT OVERVIEW

The Uni-Pak pallet pack container is a durable, space-saving solution for industrial material handling, shipping, and bulk storage. Designed for repeated use in demanding environments, this collapsible sleeve pack features a high-strength HDPE plastic pallet base and lid (black) and a triple-wall corrugated cardboard sleeve (white) for lightweight performance and long-term durability.

With a 48" x 40" footprint and 30" height, the Uni-Pak offers a lower profile for more compact loads. It supports up to 1,800 lbs, stacks securely, and folds down flat when empty—reducing storage costs and return freight with a 7:1 nesting ratio. Built without a drop door, this model provides full enclosure for added structural integrity.

Key Features:

- 48" x 40" footprint, 30" overall height
- Reusable pallet pack with no drop door
- 1,800 lb load capacity with excellent strength-to-weight ratio
- Twin-sheet HDPE base and lid (black)
- Heavy-duty triple-wall corrugated sleeve (white)
- Collapsible design for efficient return and storage
- 4-way forklift and pallet jack compatible
- Stackable, nestable, and 100% recyclable
- Ideal for manufacturing, warehousing, and closed-loop shipping

This industrial-grade sleeve pack container is built to perform—trip after trip. Whether you're moving parts, managing returns, or storing bulk goods, the Uni-Pak sleeve pack is a durable alternative to single-use packaging.
