

49x49x31 Vented Harvest Bulk Bin Container (28FV)

SKU: PVIH49493103V

PRODUCT OVERVIEW

The 48" x 48" x 28" Washington Standard Vented Bulk Bin Container, also known as the MacroBin 29-FV, is a durable, high-performance agricultural bulk container designed for harvesting, storing, and transporting fresh produce. Made from FDA-approved, food-grade, impact-resistant plastic, this vented agricultural bin provides superior air circulation, food safety, and durability compared to traditional wood bins. Its nonporous, easy-to-clean surface prevents bacteria buildup and ensures consistent tare weight, making it ideal for orchards, vineyards, food processing facilities, and cold storage operations.

Key Features:

- Durable Construction:** Made from high-strength, injection-molded plastic that resists cracking and impact.
- Vented Design:** Optimized airflow through vented walls and base helps maintain produce quality and reduce spoilage.
- Food-Grade & Hygienic:** Non-porous, smooth surfaces are easy to clean and safe for direct food contact.
- Efficient Handling:** Four-way forklift entry allows easy movement and stacking in any direction.
- Sustainable Solution:** 100% recyclable and reusable, helping reduce packaging waste.

The MacroBin 28-FV is a trusted choice for farms, orchards, and food processing facilities that need durable, reusable containers for harvesting and storing fresh produce.
