

48x45 Drum Pallet - Full Lip

SKU: PVGP4845DP006RFL

PRODUCT OVERVIEW

This 48x45 full lip plastic pallet features a raised perimeter edge around the deck, built for applications where containing product on the pallet matters — this is my read on the "full lip" design based on standard pallet terminology, not a spec Greystone spells out on their page, so confirm this against their data sheet before it goes live. It's rated for 20,000 lbs static load and is a stackable, non-rackable design.
