

48x45 Drum Pallet, Partial Lip

SKU: PVGP4845DP006RPL

PRODUCT OVERVIEW

This 48x45 plastic pallet features a partial lip design — a raised edge on part of the deck perimeter, positioned between our full lip and no lip versions in this product family. This is my read on the "partial lip" naming, not a spec Greystone confirms directly, so verify the exact configuration against their data sheet before publishing. Rated for 20,000 lbs static load, it's a stackable, non-rackable pallet.
